YumaLite YL2 & YL1
Troubleshooting

If the lights are not working on your YumaLite YL2 or YL1, please see the following instructions.

For instructions on how to replace the batteries in your YumaLite YL2 or YL1 please see the Product Manual.

If you have any other issues please contact Customer Experience by email at info@sota.com or by calling 1.800.224.0242 (toll-free in Canada & USA) or 1.250.770.2023.

LED Lights Are Not On

Do any of the White or Red LED Lights turn On?

Yes → Do only the Red LED Lights come On?

No → Ensure the batteries are inserted correctly

Do only the Red LED Lights come On?

Yes → Try new AAA batteries, preferably Alkaline.

The White LED Lights require more voltage to turn on. As the batteries lose power, there may not be enough energy to turn on the White LEDs.

No → It appears as though one or more of your LED lights is faulty. Please contact Customer Experience at 1.800.224.0242 or repairs@sota.com

Ensure the batteries are inserted correctly

Try new AAA batteries, preferably Alkaline.

There may be a fault with the unit. Contact Customer Experience at 1.800.224.0242 or repairs@sota.com
